

View examples of how some teams pay their team fees:

Discount Deadline Example

Option 1:

A team wants to receive the discount. Typically the manager will register the team online and pay the team fee in full less the discount and then get reimbursed by all team members. Sports City will issue a credit to the teams account after the discount deadline in the amount of the discount bringing the balance due to zero.

Option 2:

Team manager registers the team online with the \$150 minimum deposit and has all other team members except one pay online. The one team member who doesn't pay online will pay the coach directly. Please make sure the deposit you pay is double one members fee. IE if everyone is paying \$77 then pay \$154 for the deposit that way the one team member can pay the team manager back \$77 exactly. You can pay any amount over the deposit but we require a minimum of \$150. Sports City will issue a credit to the teams account after the discount deadline in the amount of the discount bringing the balance due to zero.

Registration Deadline Example

The team manager registers the team online with the \$150 minimum deposit and has all other team members except one pay online. The one team member who doesn't pay online will pay the coach directly. Please make sure the deposit you pay is double one members fee. IE if everyone is paying \$80 then pay \$160 for the deposit that way the one team member can pay the team manager back \$80 exactly. You can pay any amount over the deposit but we require a minimum of \$150. Sports City will issue a credit to the teams account after the registration deadline in the amount of the discount bringing the balance due to zero.
